

Project 8035

Session DCC-59

#7

#14

220900 May 81

Map - long irregular body of water  
dotted curved line  
curving toward river

milns & r.

reminded of conduit "flow now"  
by tube

in valley

high ground looking at low ground to N.

not many trees  
some complex & L.

by truck

6-8 guys

lithological body  
trap of some kind

other equipment

something blew up

people didn't jump

OK, let's get him moving around

repetition of humps like artic position

+14  
st

Lowed arte piece in revetment  
pointing to NE

+20  
★★

OK, what other perceptions does he have?

Mine or cave

To east in ravine are 3 things  
dug back into hill - could be arte

To west 30-40 people in formation  
like training

lot of people w/ umbrellas

★★

OK, ask him to gain an appreciation for  
the nature of this activity, then  
move him ahead in time

29 May

E or NE bunch of tracked vehicle in a  
protected valley

3-4 troops maintaining vehicles  
Veh all oriented the same way

Veh w/ real tall antennae w/ guy wires

+34  
★★

Ask him on last time how he would  
describe the urgency of the situation

★★ +34 Joyed the last question, he just answered  
it

★★ +35 Approved For Release 2000/08/07 : CIA-RDP96-00788R000500170001-9  
He got no further questions
